Waiting for the Play

translating German

A great audience

In class, at lunch
Or after school,
We're working hard--
We're playing cool,

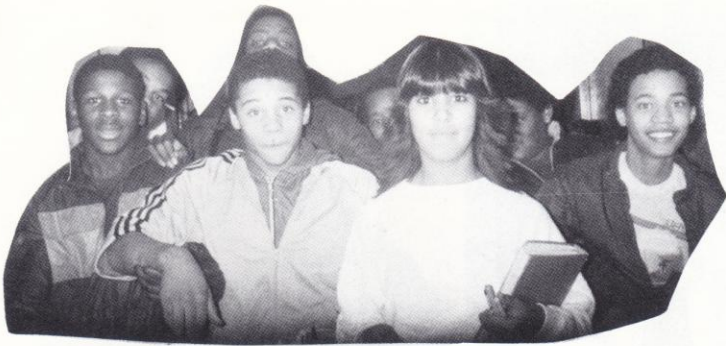

We're cooking food,
We're reading books,
Improving our minds,
Improving our looks,

Computing, translating,
Calculating, too
There's much for the future
We must learn to do.

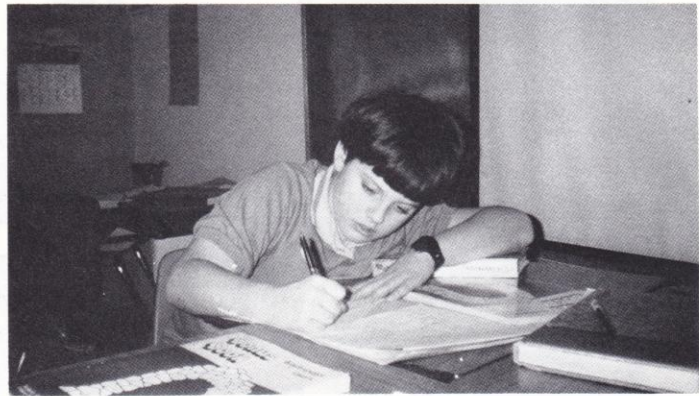

"Who's we?" you say.
Now can't you guess?
It's us--the students
of D.M.S.
